---

I am a mother and grandmother and a citizen of Earth. I support the levels allowed from glyphosate in food to be zero! Please, for the sake of our families, don't allow this outrageously high level of cancer causing chemical to be allowed in food. There will be a time when we look back on this period in our existence and wonder why we poisoned our food supply. This is only about corporate greed. Please hear the voice of humanity and rescind this ruling.

Sincerely,  
Marta Greenleaf  
Maui, Hawaii
